Summary

Recent Cum Laude graduate of West Visayas State University with a Bachelor of Science in Information Systems, majoring in Business Application Development. Passionate about web-based application development with hands-on experience using React.js, Vue.js, Python, and FastAPI through academic and real-world projects. Demonstrated ability to design and build functional systems such as a custom POS and a malnutrition monitoring platform. Currently seeking an entry-level developer role to contribute to real projects, grow professionally, and continue learning modern technologies.

Technical Skills

Languages: Python, JavaScript (ES6+), TypeScript, HTML5, CSS3
